WORK EXPERIENCE

Jr. iOS Developer - Apollo Neuroscience   **Jun 2021 - Nov 2022**

Developed and implemented features for Apollo Neuro iOS app. The app supports a bluetooth wearable that provides touch therapy and helps improve sleep, focus, and recovery from stress

- Created a bar chart that tracks user's usage using data fetched from GraphQL API
- Used HealthKit to allow users to log usage as Mindful Minutes in Health app
- Added Firebase A/B testing to test UI and features using remote config
- Migrated various parts of the app from UIKit to SwiftUI following MVVM pattern
- Collaborated with UI/UX team to implement pixel-perfect designs, dark mode support, and UI redesign

iOS Developer Intern · Cosmas Health   **Feb 2021 - Jun 2021**

Involved in development and expansion of Pyrls, a drug information app for healthcare professionals

- Researched potential features, such as optical character recognition, for mobile app
- Contributed to drug library as a medical writer
- Tested updates for functionality and usability

PROJECTS

Checked   **May 2021**

A todo app that is focused on UI design and features cloud storage, local notifications, haptic feedback, and widgets. Built with SwiftUI and CloudKit.

Pyrls Vision   **Apr 2021**

A drug information and interaction checker that features text-recognition. Built with SwiftUI and ML Kit Vision and uses the National Institutes of Health's Drug Interaction API.

Drug Names · Available on the App Store   **Feb - Mar 2021**

A quiz and flashcard app for learning the brand and generic names of 300 popular prescription and over-the-counter drugs. Built with SwiftUI and Core Data.

Hello World   **Nov 2020 - Jan 2021**

A real-time chat app that features user authentication via email and password, storing and fetching profile pictures, and tracking of unread messages and timestamps. Built with SwiftUI and Firebase.

EDUCATION

University of Minnesota College of Pharmacy   **Aug 2014 - May 2018**

Doctor of Pharmacy (PharmD)

University of California, Irvine   **Sep 2007 - Jun 2011**

Bachelor of Science in Biology · Bachelor of Science in Chemistry

SKILLS

Swift· UIKit · SwiftUI · MVVM · CoreData · CloudKit · Combine · XCTest · Figma
